Horse Safari 2010

Day 1

Arrive at Sasakwa airstrip, be welcomed by your experienced guide and transferred to the nearby Sasakwa lodge. Check-in and enjoy a brief tour of the Equestrian Centre to meet the team and the horses. Take a short plains ride to familiarise yourself with your equine partner. Spend the night in ultimate safari comfort at Sasakwa Lodge.

Day 2

Settle into the saddle and depart from Sasakwa Lodge for a morning ride across the plains to Faru Faru Lodge. This is a four to five hour ride with a short stop to rest the horses, stretch your legs and enjoy refreshments.

As a skilled equestrian you'll ride through grasslands and open savannah before reaching the spectacular tree-lined Grumeti River. You'll arrive at Faru Faru lodge for a sumptuous lunch and siesta before deciding on an afternoon activity: your choice of a gentle horse ride, a swim in the infinity-edge pools, spa treatments or a game drive. Enjoy overnighting in a contemporary suite that takes its design cues from nature.

Day 3

Go on a morning ride along the banks of the Grumeti River - this is a savannah and riverine area that begs to be explored at leisure. Your guides will point out for the varied bird life, plains game and any predators before returning to Faru Faru for lunch and afternoon activities. Savour an innovative feast of flavours and the finest wines before retiring for the evening.

Day 4

This is an exciting days riding as you wind your way back to Sasakwa Lodge following the twist and turns of Grumeti River and then out onto the plains. You'll arrive at around midday. The afternoon is spent at leisure, again with a choice of afternoon activities. The last evening is spent winding down at the Manor House and your secluded cottage with its turn-of-the-century style.

Day 5

The horses are rested on this morning and guests have the option to participate in any of the other morning game activities on offer. After breakfast you'll be driven to the airstrip and bid a fond farewell before departing for your onward destination.

IMPORTANT— Guests need to be experienced riders. Prior to arrival, each guest will be required to complete a competency questionnaire. On arrival, riders will have their riding skills assessed and Singita reserves the right to deny a rider participation on the horseback safari if they do not meet the required criteria.
