

To our esteemed Clients, potential tourists and public at large.

Of recent we have been increasingly receiving the complaints from Tourist who were undercharged and hence left unattended specifically on Mount Kilimanjaro Climbing.

We wish to insist and remind everyone with interest to use TATO members for Tourism Business dealings. This will reduce the risk of getting conned and in case things do not go as per agreement/plan TATO will be in good position to assist. Please take note that TATO don't have jurisdictions on non members, hence very limited capacity to assist in case dealings were done with non member.

TATO is unable to recommend any minimum amount but it should be understood that one of the price determinants is Park Fees among other factors.

Kindly access park fees from <http://www.tanzaniaparks.com/parkfees/applicableFees2013-06.pdf>

Please take note and be advised accordingly.

TATO Secretariat.
